Answer these questions to the best of your knowledge. If you do not have actual knowledge as to whether the weakness exists or not, answer "Don't Know." If you know that a weakness exists or has been corrected or that the building has been seismically retrofitted, explain on a separate sheet. If your property does not have the feature described in the question, answer "Doesn't Apply." The pagenumbers in the right-hand column indicate where in this guide you can find information on each of these features.

If any of the questions are answered "No," the building may be likely to suffer severe damage during earthquakes. Questions answered "Don't Know" may indicate a need for further evaluations. If you corrected one or more of these weaknesses, describe the work on a separate page.

As seller of the property described herein, I have answered the questions above to the best of my knowledge in an effort to disclose fully any potential earthquake weaknesses it may have. Other earthquake concerns may be present but are not disclosed.
